Ah Chuck and Ah Kin, pillars of the local che fa industry, refreshed their memories in Police Court procedure ment they intend to drag the entire again. This time it was "tickets in pos-journeymen and master plumbers' orsession

The tickets bore the mystic riddles which are supposed to give the patron of the game some line on the fateful word. On the ones in question were written Hawaiian words, of which the following is a broad interpretation: The young love not to labor. A good character is as fine gold.

## Journeyman Plumbers To Strike.

## **BAIRD DECLARES** IT A CONSPIRACY

District Attorney Says He Will Prosecute if Complaint is Made.

CORTY or more journeymen plumbers will strike today unless Mas-ter Plumbers H. C. Brown and Sullivan accede to their demands and discharge from their employ four clumbers who arrived on the steamship onoma last week from Seattle, via San Francisco. The ultimatum was sent forth from the headquarters of he journeymen plumbers' association. The threat is not an empty one, and ither the master plumbers or the journeymen must recede from their position by 7 o'clock this morning or the strike ill be declared on,

The four plumbers are employed by Brown and Sullivan. They are men of families, sober, industrious and excel-tent workmen and worthy of their daily wages. The master plumbers state emphatically that the journeymen plumbers' association is controlled by a number of men who are not skilled workmen, but who have in some unacountable manner secured the ascendncy in the councils of the association nd at present "rule the roost." These nen, it is claimed, are at the bottom the present impending trouble areless workmen themselves, they are ow endeavoring by illegal methods to revent the employment of skilled men their line of business by overt acts f conspiracy which bring them beeath the thumb of the law.

During the days of the plumbing ust the journeymen, in endeavoring prevent newcomers from joining the nion, increased the initiation fee from 10 to \$25. Since the four workmer rom Seattle arrived the initiation fee as gone up to \$50. Unless the men rohibited from obtaining membership the local union and thus unable to ecure employment. The men, who were brought here from the Coast by heir present employers, say that the ee is extortionate and requested only n the hope that it will prevent them om joining. All four are members in ood standing in the Seattle union and as such entitled to entrance into the local union. Notice has been served on Messrs. Brown and Sullivan that the tire union body of plumbers will walk out of the shops and declare a boy-

Baird, the United States District Attorney, and he tells me that such action as the association contemplates is against the law, being in restraint of trade. That being the case the men are criminally liable and the offense is actionable. These men have in harmony for the common good; to their families with them. The initiation fee has been raised to an extor-should be cured as well as the snake.

oose, for it is my work. Francis Murphy is a powerful worker in his own line. When I said to a reporter of one of the papers that Mr. Murphy had been convicted of murder I did not say it to injure or reflect on him. Why. that is the secret of his power. "It is because he has been such a bad

man and has been saved that he is able to appeal to the worst men. He never made a secret of his criminal conviction, but used it often to appeal to men who had committed crimes, that by pointing out how he had risen from such depths of sin and crime he might encourage them. That is the way be

low our various methods without antagonism towards each other; we should all stand together with our faces taiton of the Ministerial Association. Toward the enemy. It is the utmost folly for any of us to antagonize each other, for by so doing we not only indigeneous and the cause of him we antagonize, but the common cause of all, the great, broad work of temperance. Mr. Murphy follows his own method: I follow mine, Mrs. Gougar follows hers.

"There are various ways of accomplishing temperance reform, and we need to work from all directions, and this without antagonism or unfriendliness. On the contrary, we should work in harmony for the common good; to use the common simile, the snake-bite

## **Would Discontinue** the Board of Health.

### A COMMISSIONER IS RECOMMENDED

The Independent Legislators Ask About Leper Settlement and Poi Contract.

DRESIDENT RAYMOND of the Board of Health is not in favor of continuing the affairs of that department under a president and board, as at present. He has recommended in his health department report to Governor Dole that the Legislature should provide only for a Health Commissioner, who would have control of the health affairs of the community, in which he would be assisted by an advisory board, which would meet only once in every two months or when an extraordinary ocension arose,

This statement was given out yesterday afternoon to the Senatorial and Representative Committees of the next Legislature, headed by Kalauokalani and Dr. N. Russel, which called upon President Raymond at his office and conferred with him upon matters relating to the department. About twenty legislators were present and propounded a running fire of questions to President Raymond, ranging from the affairs of

Raymond, ranging from the affairs of the Insane Asylum and poi contracts at the Leper Settlement to the cost of the treatment of individual indigent Hawaiians by the Territorial physicians in the country districts.

Kalauokeleni was deeply interested in the questions and answers and did not himself put many questions until toward the close of the many questions until toward the commendations to the Governor, a copy of which lay can the fable in front of him. The Independent hader seemed especially anxious to secure a copy of the report prior to the opening of the Legislature, when it will be embodied in the Governor's message to the Legislathe Governor's message to the Legisla-
